

MN FAASTeam presents:

Attack Attack Attack

Join us for A VIRTUAL cup of coffee, a donut, and a LIVE WEBINAR as Pat talks with us about the importance of understanding angle of attack as the true cause of stalls, not airspeed or altitude. Absent an angle of attack indicator we cannot see it directly, but can determine it from other sources. Recognition of an impending stall can greatly improve safety when flying, and prevent often fatal stall/spin accidents.

Directions: If you want to attend, you must sign up ahead of time.

Register using link below:

https://faavideo.zoomgov.com/webinar/register/WN_zbSdHqSeSwaXrNOYC5KYcw

You will receive a second e-mail with a link to join the webinar.

JOIN US EVERY SATURDAY AT 0900 CT!
THIS EVENT WILL NOT BE RECORDED
